GROVE®

ROPE CLEANER 2.0

WE MADE A GOOD THING BETTER!

We added some optimizations to this very successful and versatile tool. All additions can be used with the existing rope lubrication system.

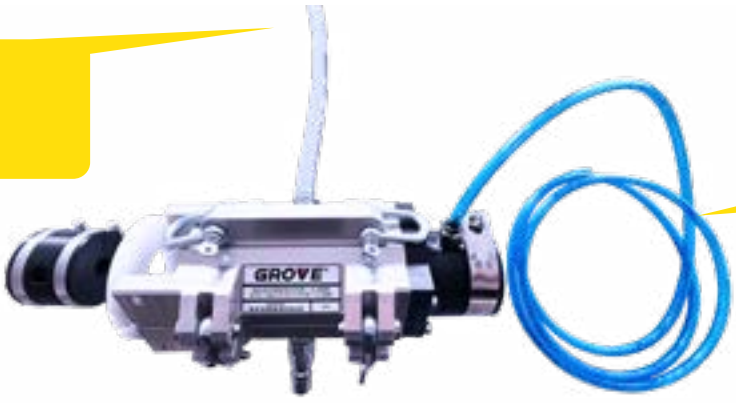

PLEASE ALSO SEE THE LATEST VIDEO: GROVE ROPE CLEANER 2.0

NEW: Scraper

Scraper:
High-density composite material scraper with integrated abrasion-resistant seal. Removes excess lubricant cleanly and drains it off into the hose connected to the lubricant chamber.

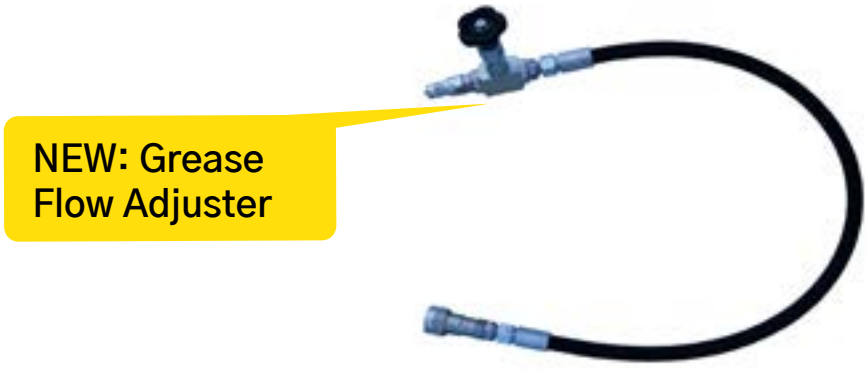

NEW: Grime Removal Hose

NEW: Excess Grease Hose

Hoses for Excess Grease and Dirt/ Grime:
Hoses for the removal and re-use of excess new grease and the environmentally friendly disposal of dirt and grime.

ROPE CLEANER 2.0

Grease Flow Adjustor:
Metering valve for remote regulation of the lubricant flow rate.
This allows one person to carry out and control the rope maintenance by adjusting to the desired lubricant film application on the rope.

Rope Cleaner Kick-Start Spray:
Smooth running and longer life span for scraper seals

ROPE CLEANER 2.0

Part Number 04453359

Consisting of:

- Rope Lubrication System 04453356 →
- Portable Grease Transfer System 04426162 →
- System Case with Straps & Shakels 04426163 ↓

Additional Equipment (not included in set):

- Part Number 03329072
  High Pressure Hose (25m)

- Part Number 04453358
  Grime & Excess Grease Hose Set

- Part Number 04453305
  Grease Flow Adjustor

- Part Number 04453327
  Kickstart Spray

Cleaner Set:

USE THE RIGHT GREASE

- **Rope Grease (not included in the kit)**
  - Rope Lubricant 8kg 04426181
  - Rope Lubricant 25kg* 04426180

This Rope grease is specially formulated to complement the primary rope grease used by the rope manufacturers.

Dont use just any grease on your rope and risk degrading the rope or the sheaves through adverse chemical reactions.

Continuous lubrication protects against corrosion, reduces friction and significantly extends the lifetime of the ropes.

* Refill for Portable Grease Transfer System bucket (8kg capacity)
