

BOOM LUBRICATION KIT

Correct and regular greasing is essential to proper boom operation!
It will reduce wear and thereby prolong the life span of your equipment.

SWISS-MADE PRECISION TOOLS

■ Part Number 04414402

Consisting of:

- | | |
|---------------------------|----------|
| ▪ Grease Gun | 04426008 |
| ▪ Spray Lance | 04414389 |
| ▪ Boom lubrication pump | 04425920 |
| ▪ 25kg Boom Grease Plus | 04299655 |
| ▪ High Pressure Hose 6.5m | 04426006 |

- Spray lance with long reach to provide easy access to lubricate inside of boom through the pin holes. Length can be adapted by ordering our Spray Lance Set, please see next page.
- A powerful pneumatic pump and a spray gun with variable pressure setting ensure a homogenous mixture of grease with air, and an even distribution of grease on the boom surface.
- High density, long-life boom grease provides maximum protection from corrosion and wear. Prevents stick-slip.

PLEASE NOTE: All the products included in the kit can also be ordered individually.
Please contact your Grove Product Support for availability and pricing.
