

GMK MAINTENANCE APP

NOW AVAILABLE

Freely accessible direct access for current production models. Individual maintenance plans by interval or engine hours/ mileage in a downloadable format, including a description of the relevant tasks directly from the maintenance manuals.

- > All parts required for the service are displayed and can be downloaded to a local CSV file for quick upload into our online ordering system.
- > You can even set a reminder in your calendar with one mouse-click.

Please give us your feedback on this App for further development on our website.
