Special applications

National Crane boom trucks offer special application configurations including Wireline, for oil field applications. National Crane also offers more models, boom lengths, jib options and capacities than other manufacturers of tractor mount cranes.

National Crane offers the broadest range of telescoping cranes with stand up controls. Capacities range from 10 USt – 33 USt (9.1 t – 29.9 t), and National Crane boom trucks have the most available options and mounting configurations on the market.

The H Series models have multi-position outriggers that offer excellent setup flexibility for job site conditions. The Rated Capacity Limiter (RCL) displays the actual outrigger setup, crane configuration and diagnostic information.
